

# FABULOUS MAKE-UP

Transform yourselves and each other with a night of girlie make-up and new looks by top make up artist Diana McDonald.

Lets face it, we all need a little help with our make-up, most of us put the same make-up on day in and day out and have a mountain of make up in our bags that we never use. With this in mind we have put together a fabulous opportunity to change all that, and have a bit of fun with our friends.

Diana McDonald, top TV Make-Up Artist, will come along to your party and teach you all some new looks for both day and night.

Diana's reputation is excellent and we are thrilled to be able to offer her services to our clients. She is currently working on top TV show, The Bill and has also worked on Eastenders and Holby City and done celebrity make up for Tamzin Outhwaite, Lesley Garret, Arabella Weir, Morwenna Banks, Patricia Cornwell amongst others. Sudley Castle have just booked her to be their preferred choice of make up artist for weddings so she really does have a wonderful wealth of experience to teach us all!

Her classes last 1.5 hours, during that time she will do a make up demonstration on the Hen and 2 others in the group. This is a perfect opportunity to work out your wedding make up and if any of your guests have a wedding outfit already in mind why not bring it to the spa and Diana will happily give you some make up advice on the right colours to go with your outfit.

To give the evening a bit of a competitive and fun edge, you could have some silly games throughout the evening where 2 lucky winners will become the extra models.

This class is perfect for women of all ages, great girlie fun but with a bit of an educational slant to it as well.

Cost £25 per head with a minimum of 10 guests.
